ISAC Operational Update and Program News

December 20, 2023

2023-24 Award Year
Fiscal Year (FY) 2024

ISAC

Monetary Award Program (MAP)

- Fall-term payment (claim) deadline date was **Friday, December 8, 2023**
  - Any initial claims made after the deadline date will be considered late and will only be paid if funding is available after paying timely claims.

- Payment requests are processed on a nightly basis and results are provided the next business day.

- ISAC suspended the announcement of 2023-24 MAP awards for students whose initial 2023-24 FAFSA® or Alternative Application was received on or after September 23, 2023
  - Suspension is reflected on the appropriate screens and reports of the MAP system, as well as in the MAP Eligibility File Extraction.

ISAC

Nursing Education Scholarships (NES) Program

- Application period was March 1 through April 30, 2023
  - No longer accepting applications for this award year
  - An application must be completed and submitted each year to be considered for an award, regardless of whether the student may have received previous awards
  - The NES Application/Grant Agreement/Promissory Note must have also been submitted to ISAC on or before April 30, 2023
  - Applicant must have submitted a 2023-24 FAFSA or Alternative Application and have a valid EFC calculated

- Certification of eligibility was recently completed by colleges
  - Colleges were asked to complete certification for all applicants on their student list, both eligible and ineligible
  - Certification is done for the academic year (rather than by term)
  - Colleges must provide the student's Expected Family Contribution (EFC) as part of the certification process
    - If a college does not have one, please contact School Services
  - Awarding does not take place until the certification process has been completed

ISAC

NES Program

- Initial round of awarding took place at the end of November

    - Letters of eligibility were sent to students who were awarded
    - Colleges will see an award date and maximum annual award amount on their Student List in the NES system in GAP Access
    - The certificate, diploma or degree being pursued by the recipient determines the NES maximum award amount
    - Award amounts differ by type of college
    - All awarded amounts assume full-time enrollment and include a living allowance
    - The living allowance amount is only available to students who are full-time according to the school/program's definition of full-time
        - $5,200 is the amount of the living allowance portion of the scholarship amount
        - The amount is set by statute and program rules to be the same as the living allowance in the MAP formula for the respective award year
        - For 2023-24, the living allowance is $5,200

Award Amount and Years of Funding

The certificate, diploma or degree being pursued by the recipient determines the NES maximum award amount and the maximum number of years the award may be received.

The 2023-24 NES maximum annual award amount is either $8,916 or $17,813.

$8,916 Maximum Award	$17,813 Maximum Award
certificate in practical nursing * any school type * one year of assistance	**associate degree in nursing** * two-year private colleges or four-year colleges/universities * two years of assistance
associate degree in nursing * community colleges or nursing schools * two years of assistance	**baccalaureate degree in nursing** * four-year public or private colleges/universities or nursing schools * four years of assistance
hospital-based diploma in nursing * community colleges * three years of assistance	**graduate degree in nursing** * four-year public or private colleges/universities or nursing schools * five years of assistance
	graduate degree in nursing to become a nurse educator * four-year public or private colleges/universities or nursing schools * three years of assistance

Scholarship funds may be used during all terms of study (including summer).

- NES awards will pay a portion of tuition and fee charges, plus – for full-time students only – a living allowance (previously referred to as a stipend). The scholarship pays for coursework within the nursing curriculum, but does *not* pay for pre-requisite coursework.

- The total amount of NES assistance awarded to an eligible applicant in a given academic year, when added to the other financial aid available to the qualified applicant for that year, cannot exceed the cost of attendance.

NES Payment Process

- Payment request process began on December 14
  - Schools may submit payment (claim) requests for the fall term

  - Schools will need to report enrollment status and number of hours enrolled

  - Two fields will be available for entry
    - Tuition and Fee amount
      - Amount entered after all other tuition and fee
    - Living allowance amount
      - If the enrollment status is not full-time, this field will be grayed-out and data cannot be entered

  - Submitting payment requests is a two-step process, which involves *generating* the individual requests and then *submitting* the requests.

  - The fall-term priority claim deadline date will be announced once it has been determined

the payment process are also available via the NES Payment page.

What's New

The changes indicated below have taken effect with 2023-24 NES payment processing.

- Awarded living allowance funds that had been disbursed directly to eligible full-time students
  as a "stipend" in the 2022-23 and earlier academic years **are now included in the payment
  amount requested by and paid to the college** (i.e., NES awards no longer have a stipend
  component).
  - If the recipient is enrolled, the institution may credit the scholarship funds to the
    recipient's account for expenses due and payable.
  - If appropriate, any balance is to be returned to the recipient.

- Funds resulting from each payment request submitted via the NESP system are delivered to
  the college in a lump sum (either electronically or as a check, depending on how the college has
  set up their payments), rather than as individual checks for each recipient that had been co-
  payable to the student and school.

- Payment Offset and Reconciliation procedures now apply to Nursing Education Scholarships.
  - Refund checks should not be sent for cancellations/adjustments made
    throughout the award year.
  - Funds should only be returned to ISAC *after* a final reconciliation has been
    completed at the end of the regular school year.

Watch for Updates

Program updates – including notification of when schools will see 2023-24 payment results in the
NESP system – will be announced via our usual means of communication: the FAA Message Board,
the NES Program News page, and/or this e-Messaging system.

You are receiving this message because you registered for ISAC's e-Messaging service through one
or more subscription groups for FAAs.

If you have any questions regarding this e-Message, please contact ISAC's School Services
Department by calling toll free at 866.247.2172 or sending an e-mail message to
isac.schoolservices@illinois.gov.

NES Payment Process

- Changes to 2023-24 payment process

  - The process of sending stipend checks directly to the student and individual scholarship checks co-payable to the student and the school has been eliminated, starting with the 2023-24 award year

  - Payment request processing takes place in the NES system in GAP Access and is similar to other ISAC programs

    - Payment requests will be disbursed to the college in a lump sum so that NES funds can be credited to student accounts rather than as individual checks for each student
      - Funds will be provided electronically or as a check, depending on how your college is set up

    - Payment offset and reconciliation procedures will apply to NES
      - Refund checks should not be sent for cancellations/adjustments made throughout the award year

    - Funds should only be returned to ISAC after a final reconciliation has been completed at the end of the regular school year

Q. When requesting a payment (claim) for a student, do schools have to divide the annual award amount evenly among the terms?

A. No, schools may request a payment (claim) for any amount in the term(s) as long as it does not exceed the maximum annual amount awarded to the student and does not exceed the cost of attendance.

Multiple disbursements are not required in cases where the recipient's eligibility is not determined until the final term of the award year for which the scholarship is being awarded. If the student has applied for or is enrolled in a term(s) which is less than the award year, they may receive the full maximum annual award amount if warranted by the cost of attendance for the term(s) enrolled.

https://www.isac.org/isac-gift-assistance-programs/NESP/payment.html

ISAC

Q. What does "pay a portion of tuition and fee charges" and "other funding" mean? Are there any limitations to what it can pay?

A. "Pay a portion of tuition and fee charges" means the total amount of NES assistance awarded to an eligible applicant in a given academic year, when added to the other financial aid available to the recipient for that year and does not exceed the cost of attendance.

- So, in other words, it is the amount of tuition and fee charges remaining on a student's account after all other funding has been applied. "Other funding" is any other financial aid designated specifically for tuition and fees, and the remaining balance is the amount of your NES payment request.

- NES pays for tuition and fees, not tuition and mandatory fees, as well as a living allowance for full-time students (previously referred to as a stipend). The scholarship pays for coursework within the nursing curriculum but does not pay for pre-requisite coursework. Keep in mind that the NES definition of "fees" is way broader than ISAC's definition of mandatory fees... NES fees pay mandatory charges that all students enrolled in a nursing program must pay, including required course or lab fees.

Administrative Rules – Section 2749.10 Definitions https://www.isac.org/e-library/documents/administrative-rules/2023-24-isac-rules/2749-NES.pdf

ISAC

Q. What award amount is a student eligible to receive if they will be attending the fall term (first term) only due to graduating at the end of the term?

A. Schools may request up to the full amount of the Annual Award Amount (scholarship) in the first term but cannot exceed cost of attendance (COA). If students COA will allow them to receive the full award amount for the fall term due to graduating the following term, schools may request full scholarship amount.

Keep in mind, if the student does not end up graduating in the first term and the school requested the full annual award amount, the student will not have any remaining funds available for the rest of the academic year.

If the school was unable request the full award amount in the first term due to COA, they would be able to request remaining award funds.

- Ex: If the school requested $10,000 for the first term, ($5,000 T&F + $5,000 living allowance) then the school would only be able to request $7,813 ($7,613 T&F + $200 living allowance) for the remaining term(s).

Q. What if the NES tuition and living allowance amount the student is eligible for exceeds the cost of attendance (COA)?

A. The student's financial aid award would have to be adjusted to not to exceed the cost of attendance.

Q. Is the living allowance per semester?

A. No, the living allowance is an <u>annual</u> amount awarded for full-time students only – a living allowance (previously referred to as a stipend), is combined into a Maximum Annual Award Amount (scholarship) which includes the Tuition and Fees and Living Allowance into one scholarship for the academic year.

ISAC

Q. Is NES first payer or does other programs get paid first, such as MAP?

A. Do what is in the best interest of the student. What this means is that by paying the MAP grant first would be in the best interest of the student because the MAP grant does not need to be repaid back if the recipient terminates studies or fails to become employed, like the NES does.

- Remember, NES recipients must have signed an agreement promising continuous attendance in school and begin employment requirements in Illinois within six months of graduating and remain employed for a period equivalent to the educational time supported by the scholarship, otherwise the funds awarded must be paid back (loan plus interest).

- NES may cover some fees that MAP may not, and NES covers tuition and fees whereas MAP covers tuition and mandatory fees, so maybe what MAP doesn't cover NES will cover.

ISAC

Early Childhood Access Consortium for Equity (ECACE) Scholarship

- Prequalified applicants who have been awarded are eligible for payment
  - Maximum award amount populates in the "Max Annual Award Amount" field
  - 2023-24 maximum award amounts are:
    - $33,558 at four-year institutions
    - $18,262 at community colleges

- For students who plan to attend different types of institutions during the award year, the ECACE system will calculate an eligible award amount based on the student's type of school listed on their application each term
  - For example, an award amount of $25,910 would show as the maximum eligible award amount for a student who has listed a community college on their application for the fall term and a four-year institution for the spring term
    - Half of the community college award + half of the four-year college award
      - $9,131 + $16,779 = $25,910

- The ECACE Scholarship is last payer, is not need-based aid and can be used for any cost of attendance component

- Colleges determine the term award amount(s) based on other financial aid the student is receiving

ISAC

ECACE Scholarship

- Schools are encouraged to complete and submit payment request data as soon as possible

- To be considered timely, 2023 fall term claims must be submitted on or before **Friday, December 29, 2023**

- By submitting a payment request, a college is certifying that the student meets all eligibility criteria

- If a college determines that a prequalified applicant does not meet all eligibility requirements, report the reason that best describes the reason for ineligibility

- ECACE is payable in a summer term if the student has not used their maximum award amount in previous terms

- ISAC will announce Spring and Summer claim deadline dates next Spring when we get closer to that timeframe

ISAC

Minority Teachers of Illinois (MTI) Scholarship Program

Golden Apple (GA) Scholars Program

- Continue to submit payment requests for the 2023 fall term

- To be considered timely, requests must be submitted on or before **Friday, December 29, 2023.**

- The Golden Apple Foundation only awards a student for one term at a time
  - As a result, the award field in the GA system identifies the awards as *Annual Award Amount To Date*
    - For example: In the fall term, the *Annual Award Amount To Date* shows the fall term amount only, not the entire award year
    - If the same student is awarded for the spring term, the "Annual Award Amount To Date" will increase in the spring to include the second term award amount

Golden Apple Payment Adjustment

- If an adjustment is needed to increase or decrease an award;

  o a school can submit a request asking to increase/decrease up to the Annual Award Amount for the term

  o GAP Access will process the new payment request and will send an additional payment minus any previous funds paid if it is an increase

  o if it is a decrease, it will process that request and adjust the award accordingly

    ▪ For Example: The annual award amount shown is $2,500 for Term 1 and the school only requested $1,250 for Term 1. A request can be submitted to increase the award up to the full annual award amount for Term 1.

    ▪ GAP Access will process the additional request and remit payment for $1,250 and increase the amount paid for the term to $2,500.

ISAC

Golden Apple Payment Adjustment

A request can be submitted to increase/decrease the award up to the full annual award amount.

For example: GAP will process the additional request and remit payment for $1,250 and increase the amount paid for the term to $2,500.

Illinois National Guard (ING) Grant Programs

- Benefit usage data for the 2023 fall term must be submitted on or before **Friday, December 29**, to be considered timely

- Starting with the 2023-24 academic year:
  - there are no longer term deadline dates by which applications must be submitted each term
    - applications must be received by ISAC in time for eligibility to be determined for the term
  - the applicant will need to notify the college about their eligibility no later than the last scheduled day of classes for the first term for which benefits have been requested

- Reminder: Illinois National Guard members who have served at least 10 years in the Guard may be eligible to receive up to 180 Units (6 years) of ING Grant benefits

ISAC

ING Grant Benefit Eligibility

Just a reminder…
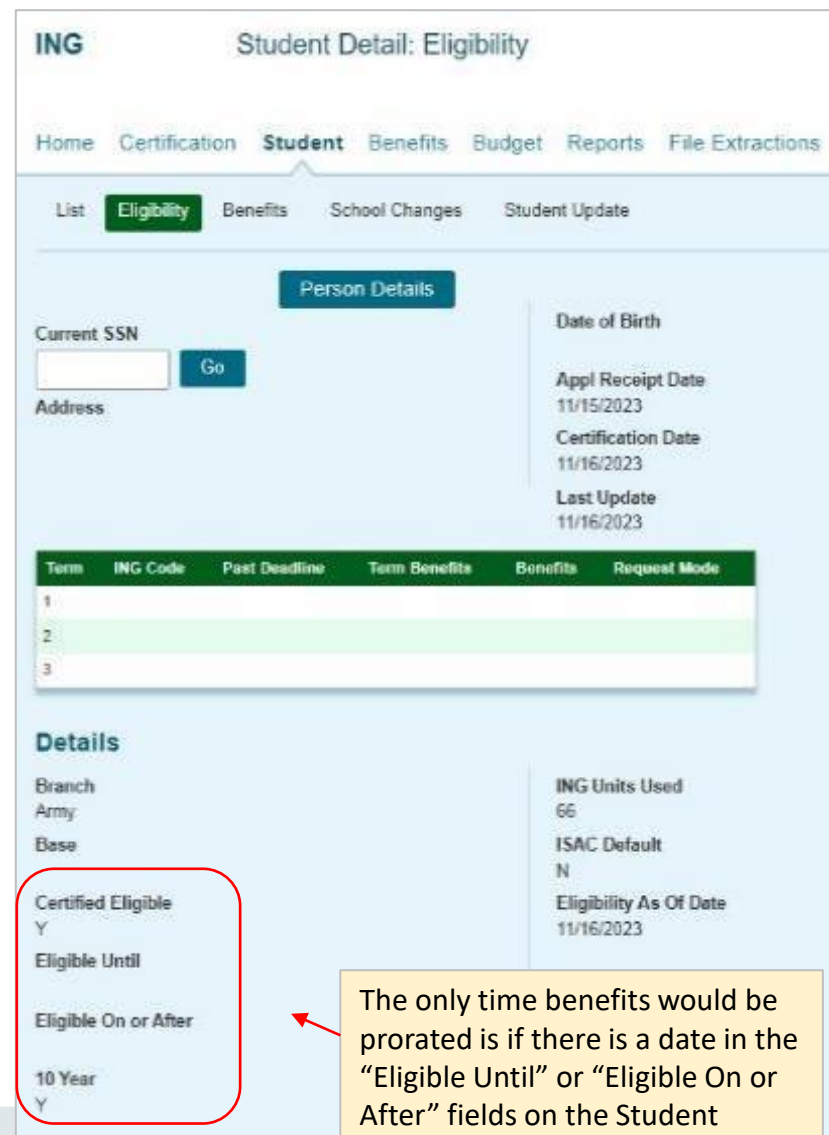

Prorating ING Grant benefits is only completed

- if the student has not completed one full year of service in the Illinois National Guard after the semester starts, *or*

- if their active status with the Guard ends during a term

Costs are prorated on the basis of the institution's scheduled days of instruction minus institutionally scheduled holidays and examination periods

- Calculation: Total tuition cost divided by total instructional days = cost per day x days of eligibility = total proration.

ING Administrative Rules: https://www.isac.org/e-library/documents/administrative-rules/2022-23-isac-rules/2730-ING.pdf

The only time benefits would be prorated is if there is a date in the "Eligible Until" or "Eligible On or After" fields on the Student Detail: Eligibility screen in the ING system within GAP.

ISAC

2022-23 Enrollment Verification Process

- Continue to submit 2022-2023 enrollment verification data for students who previously received funds from ISAC-administered teacher programs

- Enrollment verification data for the SETTW Program and the MTI Scholarship Program is provided through each program's system within GAP Access.

- Data is to be completed by the college and returned to ISAC as soon as possible, verifying award recipients' current enrollment status.

- Data was due to be submitted on or before **Friday, December 1, 2023**.

- ISAC monitors recipients' fulfillment of the program requirements associated with the teacher programs, and if recipients fail to meet the requirements, their awards convert to loans that must be repaid.

- See the October 30, 2023, e-Message for more information https://www.isac.org/e-library/partner-e-messages-and-newsletters/faa-e-messages/eLibrary-faa-2023-1030.html

2024-25 Award Year
Fiscal Year (FY) 2025

Preparing for the 2024-25 MAP Award Year

- MAP Start-Up Formula has been approved
- Alternative Application has been updated to be consistent with the FAFSA
- Priority deadline date by which returning MAP recipients are to submit their FAFSA or Alternative Application in order to receive priority access to appropriated funds will be February 1, 2024
  - Returning recipients are students who received MAP funds during the previous academic year (e.g., for 2024-25, students who received MAP for 2023-24)
  - All MAP eligibility requirements must continue to be met
- MAP Award Notification Language has been posted
  - There are no changes, other than updating the award year
- 160-Byte File Layout Specifications have been updated and posted
- Shortly after ISAC begins to receive 2024-25 ISIRs, we will start to provide MAP eligibility in the MAP system in GAP Access for both FAFSA and Alternative Application applicants
- All of the usual updates to the website and related materials will be made as implementation moves forward

2024-25 MAP Start-Up Formula

- ISAC Commissioners approved the 2024-25 MAP Start-Up formula in September
  - It is the same as the 2023- 24 Recompute Formula, using
    - 2021-22 reported tuition and fees
    - 2021-22 Pell Grant Payment Schedule
    - a $5,200 living allowance, and
    - an $8,400 maximum award
  - Replaces the Expected Family Contribution (EFC) with the Student Aid Index (SAI)

2024-25 Alternative Application

- 2024-25 Alternative Application for Illinois Financial Aid will coincide with the launch of the 2024-25 FAFSA

- Changes have been made to the application to be consistent with the 2024-25 FAFSA to collect all data elements required to calculate an SAI

- The application will continue to be available in English and Spanish
  - Help text will also be available in Spanish
2024-25 MAP Award Notification Language

- Other than award year reference, there are no changes to the required MAP award notification language for 2024-25

- An updated version of the language has been posted in the MAP section of the FAA area at isac.org

2024-25 School-Issued Award Notification Language

All schools are required to announce MAP Grant awards to all eligible students enrolled at their institutions, including students who are only eligible for a second semester/second and third quarter MAP award. Schools are required to clearly identify the awards on the award notification as: **State of IL MAP Grant (Est)**.

Schools are also required to include the following information with the award notification:

By applying for financial aid and agreeing to share that information with the Illinois Student Assistance Commission (ISAC) you have been considered for the State of Illinois (IL) Monetary Award Program (MAP) Grant. All MAP-approved institutions are required by the State of Illinois to announce MAP Grant awards to students who are enrolled or intending to enroll at their institution. An award amount is included in your financial aid package if you have met the eligibility criteria.

The MAP Grant award amount is an estimate made by the financial aid office and is identified as a "State of IL MAP Grant (Est)". Please be aware that the number of available MAP Grants is limited by funding levels approved by the Illinois General Assembly and the Governor, and reductions to estimated or actual MAP Grants are possible.

There are also limitations to how long you can continue to receive a MAP Grant. Usage is tracked by the number of credit hours for which you've received MAP benefits and is referred to as MAP Paid Credit Hours (MPCHs). The maximum number of MPCHs that can be received is 135, which is equivalent to approximately four and a half years of full-time enrollment. For your reference, and to learn more about MPCH limitations, you may access a record of your MPCHs, as well as other student resources, through the ISAC Student Portal at studentportal.isac.org.

*Eligibility for the need-based MAP Grant award may indicate that you are eligible for assistance with expenses such as food, housing, or child care for dependent children. If you have dependent care expenses, ask the financial aid office about the federal dependent care allowance. For eligibility and application information about the Supplemental Nutrition Assistance Program (SNAP) and the Child Care Assistance Program, contact the Illinois Department of Human Services at **800-843-6154** or www.dhs.state.il.us. Contact the Illinois Hunger Coalition Hunger Hotline at **800-359-2163** or www.ilhunger.org.*

MAP 160-Byte File Layout Specifications

- The final file layout for 2024-25 MAP processing has been posted to the Electronic Tools section of the E-Library

- For 2024-25, these data elements are no longer included on the file:
  - Student Social Security number (SSN)
  - Student Last Name (previously an optional field)
  - Original SSN
  - Name ID

- These Personally Identifiable Information (PII) data elements were removed to protect student identity when transmitting files between ISAC and colleges

- The student's Person Universally Unique Identifier (UUID) that is assigned to the student by the Department of Education (ED) by the FAFSA Processing System (FPS) will replace the SSN on the file
  - The Person UUID field is 36 characters in length, and the total number of characters being removed is also 36, so the length of the file will not change
  - The Person UUID will stay the same for the student across FAFSA cycles
  - ISAC will generate and a Person UUID for Alternative Application applicants

Access Removed for Unconfirmed TG Numbers (SAIG Mailboxes) and Electronic Services Users Accounts

- FSA announced on December 13, 2023, they removed access to enrolled services for accounts that had not been actively confirmed
    - Every organization enrolled for a Student Aid Internet Gateway (SAIG) account was required to review and validate its assigned TG numbers and Electronic Services user accounts by December 7, 2023.
        - Failure to accurately complete the process will result in loss of access to FSA data systems, including services such as ISIR deliveries, ISIR requests, FAFSA corrections, and NSLDS enrollment reporting and updates.
        - Requires schools to complete and submit before they can receive Institutional Student Information Records (ISIRs) for 2024-25.

POSTED DATE: November 15, 2023
AUTHOR: Federal Student Aid
ELECTRONIC ANNOUNCEMENT ID: GENERAL-23-100
SUBJECT: Update on the Simplified, Streamlined, Redesigned 2024-25 FAFSA

Today, the U.S. Department of Education (Department) released new deta
streamlined *Free Application for Federal Student Aid* (FAFSA®) form. The
than ever for students to get financial aid for college and help 610,000 n
backgrounds receive Pell Grants. In total, it will allow 1.5 million more stu

Department is issuing

Students and families will be able to complete and submit FAFSA forms online by Dec. 31. We expect applications to peak in late January and February 2024. The new FAFSA will allow students and families to use federal tax data transferred directly and securely from the Internal Revenue Service. Once the application is complete, students will receive a confirmation email including their estimated Student Aid Index and Pell Grant eligibility. Students and families will also be able to complete paper forms by downloading a PDF form and mailing it to the Department.

Schools will begin receiving aid eligibility information, including Institutional Student Information Records (ISIRs), by the end of January 2024, with information on paper forms to follow. Additionally, students will also be able to make corrections and updates at this time. Institutions will be able to make corrections in the weeks following. Direct connections to certain state financial aid applications and the ability for unpaid preparers to complete a FAFSA form on behalf of students will return with the 2025–26 FAFSA.
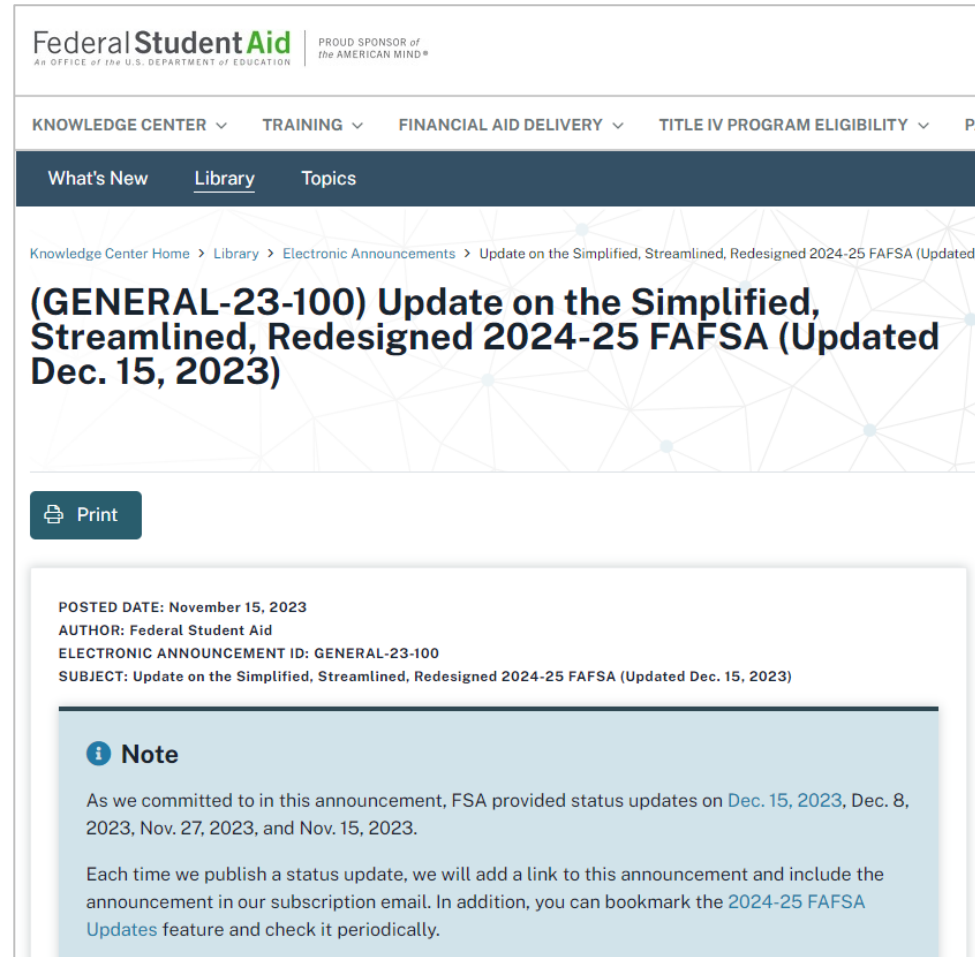

The new FAFSA is not only a major transition for the Department; it will also bring many changes for students, families, schools, and software vendors. In March 2023, we published the Better FAFSA Better Future Roadmap (FAFSA Roadmap), an implementation timeline of resources, guidance, and training materials for students and parents, schools and institutions, and other stakeholders about the redesigned 2024–25 FAFSA form. The Department has updated the FAFSA Roadmap with additional resources for our stakeholders, including students and families. We remain committed to continuing our support with regular outreach, including webinars, guidance, tool tips, and communications directly to our stakeholders.

FAFSA Simplification Questions and Answers

Other than statutory and regulatory requirements included in the document, the contents of this guidance do not have the force and effect of law and are not meant to bind the public. This guidance is intended only to provide clarity to the public regarding existing requirements under the law or agency policies.

Questions on this topic are divided into the following categories:

- Student Aid Index (SAI)
- Awarding Other Financial Assistance (OFA)
- Pell Grant Calculation (PEL)

You may refer additional questions to the Department using the Contact Customer Support form in FSA's Partner Connect Help Center. To submit a question, please enter your name, email address, topic, and question. When submitting a question related to DCL GEN-23-11, please select the topic "FSA Ask-A-FED/Policy."

Student Aid Index (SAI)

SAI-Q1: Can an institution adjust the SAI of an applicant to below −1500 using professional judgment?

SAI-A1: No. An institution may use professional judgment to adjust FAFSA data elements, but the Department's Federal Processing System (FPS) will never assign an SAI of less than −1500. [Guidance issued 08/04/2023]

SAI-Q2: Certain income items have been excluded from the FAFSA form. Can institutions add those items back in by professional judgment?

SAI-A2: Institutions have broad flexibility in exercising professional judgment (PJ). However, institutions may not request additional information or require additional forms beyond the FAFSA form unless the Department or the school selects the student for verification, or the student has requested either a review of their dependency status or special circumstances adjustment. [Guidance issued 08/04/2023]

SAI-Q3: Now that the number of family members in college is not considered in the need analysis, may financial aid administrators (FAAs) use their PJ authority to account for the cost of other family members who are enrolled in college?

SAI-A3: Yes, the law permits FAAs to exercise PJ to adjust the elements in the cost of attendance or the values of data used on the FAFSA form to calculate the SAI (e.g., AGI, taxes paid) when special circumstances exist. The Simplification Act revised the HEA to include any family members enrolled in postsecondary education in the list of circumstances that an FAA might consider when deciding whether to use PJ. FAAs are also reminded to indicate they are using their PJ authority by setting the FAA Adjustment flag in the FAFSA Partner Portal (formerly FAA Access) or via Electronic Data Exchange (EDE) if the values of data used on the FAFSA form are
