# Introduction to the FAFSA Completion Initiative

The FAFSA Completion Initiative provides the means for high school districts across the state to identify which of their students have completed the Free Application for Federal Student Aid (FAFSA®) in a given academic year. Data available includes names of students; aggregate data for the entire student body; how many students are eligible for MAP and the federal Pell Grant Program; expected family contribution (EFC) ranges and a listing of the first-choice colleges to which students have sent their FAFSA results.

After activating your GAP Access Account (see the GAP Access page on the isac.org website for instructions), login to GAP Access from the main login page.

In order to participate in the FAFSA Completion Initiative, **your school principal** must certify and agree to the terms and conditions of the *FAFSA Completion Initiative Participation Agreement For Illinois Educational Entities.* FAFSA privileges require Primary Administrator acknowledgement to terms and conditions.

**NOTE:** Pages 2 - 6
If the principal has already completed the FAFSA participation agreement, skip this section and start at page 7.
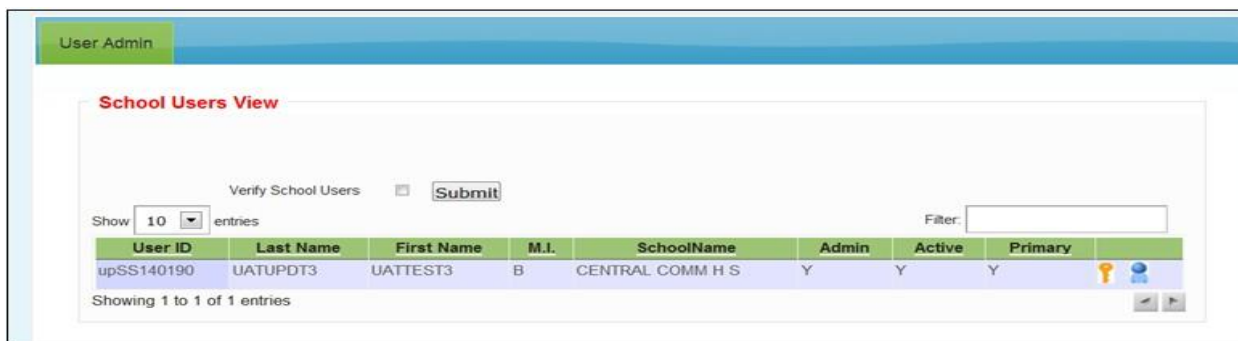

# Program Privileges

After a successful login, click the Administration tab. From there, click the User Administration menu option to access the School Users View page.

Select the Primary Administrator by clicking on the person icon  associated with the user's name. This will bring up the Program Privileges screen.

To set a FAFSA Completion Initiative privilege, click the appropriate button (None, Update or View) in the FAFSA section, then click Save.

After saving, a message indicating that terms and conditions must be acknowledged will appear on the screen. This will be followed by an e-mail providing a link to certify the FAFSA Completion Initiative Agreement. The direct link will be sent to the e-mail address provided when you initially registered for GAP Access.

# Agreeing to Terms and Conditions

Check your e-mail for a message from isac.schoolservices@illinois.gov. The e-mail will provide a digital PIN and an embedded link that will allow you to read and agree to the terms and conditions of the *FAFSA Completion Initiative Participation Agreement For Illinois Educational Entities*. Click the embedded link to go to the FAFSA Agreement screen.

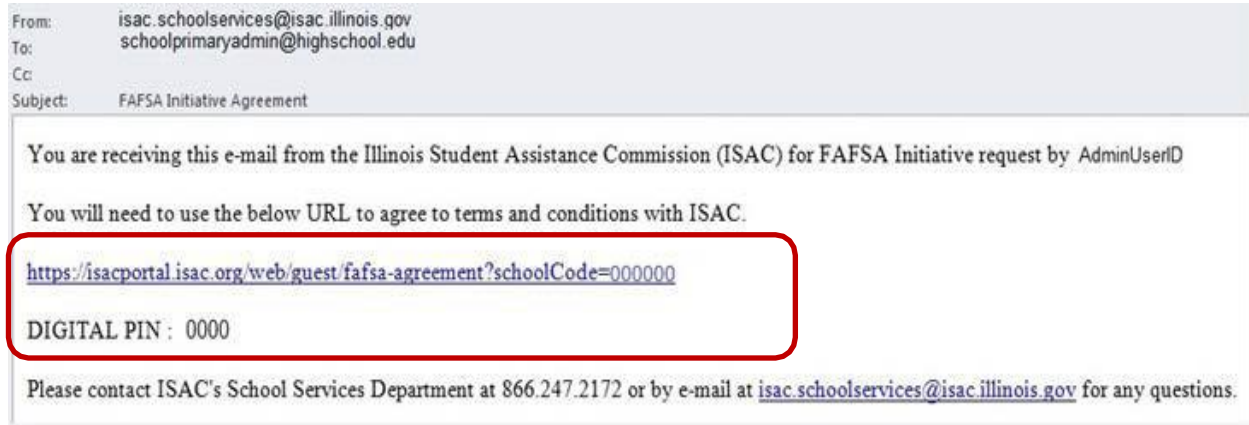

The **FAFSA Agreement** screen is shown below. Follow these steps to agree to the terms and conditions.

- **Opt Out Waiver** – Schools can check the "opt-out" box to indicate that the waiver provision has been exercised by a parent, guardian, or the student (if 18 or emancipated) to opt out of filing the FAFSA. Schools will still need to maintain the documentation in their files.

- In the column titled "**FAFSA Status**", there are three possible statuses for a student record:

    – **No FAFSA Filed**: The student did not file a FAFSA

    – **Filed, has EFC**: The student filed a FAFSA and an Expected Family Contribution (EFC) was calculated.

    – **Filed, no EFC**: The student filed a FAFSA however, some information was incomplete, or the information provided prevented an EFC from being calculated.

- Other columns display the date the **initial FAFSA** was received by the Central Processing System for the year and the students' potential **Monetary Award Program (MAP) eligibility** at the college listed first by the student on the FAFSA.

## Add and Delete Functionality

The Add/Delete feature is available on the **FAFSA Completion School Summary** screen. Use this function to:

- Add student records to your school's list
- Delete student records that should not appear on the school's list
- To make name or date of birth adjustments

**Please keep in mind that neither the add, delete or adjustment functions make any change to FAFSA data.** The impact of any change made in the FAFSA Initiative system is to the school's student list only. Subsequently, FAFSA data is matched against the student list. Adjusting demographic data could improve the ability for the system to match the student record with a FAFSA.

**IMPORTANT NOTE:** The Add and Delete functions make immediate changes to the school's student list. However, the FAFSA match against that list only occurs once a week. So, you may not see an immediate change in the FAFSA Status, Initial FAFSA Received Date and MAP Elig@ 1st Choice College fields. Typically, new FAFSA match data is available to schools on Monday morning.

# FAFSA Completion: Student Detail

## Add a Student Record (cont.)

The student's name will appear in the proper alphabetical order position on the student list. You may use the filter function to quickly find a student record.

## Delete a Student Record

To delete a student record, select the student(s) to delete by checking the box in the Select column. It is highly recommended that you only delete one student at a time. **You will not get a warning once you click the** Delete Selected **button**. After you have selected the record, click the Delete Selected

# FAFSA Completion: Student Detail

**Adjust Demographic Information**

## Student Record Upload

The student record upload process allows schools to upload a current list of seniors. Once uploaded, the student list will then be used to match FAFSA and Alternative Application completion data. **It is important to note that the FAFSA Upload function is separate from the State Scholar Program File Upload process.**

The student list file must be formatted in Microsoft Excel 2003 or above (.XLS, XLSX, XLSS), or in CSV (Comma Delimited), and follow ISAC's prescribed file layout.

The data elements that will need to be uploaded for the high school's current **senior class** are:

- last name
- first name
- middle initial
- date of birth

**Please note:** Submission of updated student data via the FAFSA Upload function will completely replace the data that is currently presented on this page, as well as on the FAFSA Completion Initiative page. Previous information will no longer be available. Adding and/or deleting individual student records must be completed manually.

To upload individual or multiple students, click on the FAFSA Upload tab

The **FAFSA Upload: History** - Starting from the right of the screen, Guidelines and Samples provides formatting information regarding the data to be submitted.

# FAFSA Completion: Student Detail

The **Guidelines** displays a file layout for the data when creating a file to upload. **Samples** provides the Excel spreadsheet with the data fields in the appropriate order. **All files must be formatted in Microsoft Excel 2003 or above, or in CSV, and follow ISAC's prescribed file layout**.

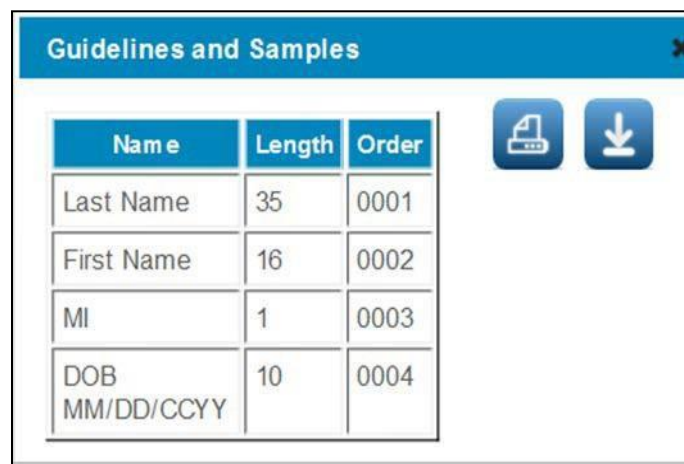

The  will open the Excel spreadsheet.

# FAFSA Upload: History

Once the file upload is completed successfully, the file will appear with a "Validated" status and no further action is required. Your current senior student list is now available in the FAFSA Completion section of GAP Access. **These students will be included in the next FAFSA and Alternative Application records matching cycle**. Current match results are available weekly on Monday mornings.

**File Status**

- Upload Complete – File has been accepted and has passed all validation. The student list is now available in the FAFA Completion section of GAP Access. No further action required.

If your file will not upload, check that the file follows the required format. If you have any questions or need assistance, please contact ISAC's School Services Department by calling 866.247.2172 or by sending an e- mail message to isac.schoolservices@illinois.gov.

# FAFSA Completion: College Choices Screen

The College Choices screen lists the colleges designated as "1ˢᵗ Federal School Code" on the FAFSA by the students from your school. The schools are listed based on the number of students indicating that school, with the highest number listed first to the lowest number.

## Columns

- **ISIR First School** = 1ˢᵗ Federal School Code listed on the FAFSA
- **School Name** = Name of the school associated with the school code
- **State Code** = The code for the state in which the school is located
- **Students to Attend** = The number of your students designating that school as 1ˢᵗ Federal School Code on the FAFSA

# FAFSA Completion: EFC Ranges

<u>**Columns**</u>

- **EFC Range** = Expected Family Contribution ranges
- **Students in Range** = The number of students in the EFC range from your school
- **Cumulative Students** = The number of students in the EFC range plus the number of students in the preceding EFC ranges from your school.

# Troubleshooting

1. **Here are a few common reasons why a FAFSA may not show as filed**.

   - Timing of when the FAFSA was submitted. The newest FAFSA matches are available every Monday morning. If the student filed Monday afternoon, the FAFSA will not appear until the following Monday.
   - The students name must match. The following are common no match reason due to name discrepancies.
     - ✓ Switching the first name and last name.
     - ✓ Student filed the wrong year FAFSA.
     - ✓ Student list may not show a middle initial, but the FAFSA was filed using a middle initial.
     - ✓ Student list does not show name suffix ( II, Jr., Sr.), but the FAFSA was filed using a name suffix.
     - ✓ Student filed the FAFSA using a name suffix as part of the last name or the first name.
     - ✓ Hyphenated last names. Confirm the FAFSA was filed using the hyphenated name. Check if a space was used between the name and the hyphen.
   - Date of birth.
   - There is also a match on the high school name. If the schools name is City High School but the FAFSA was filed using West Campus High School, that could cause a no match.

If you are not able to find a discrepancy in the name or date of birth, contact ISAC's School Services Department by calling 866.247.2172 or sending an e-mail message to isac.schoolservices@illinois.gov for assistance.

2. **The file could not be uploaded error. The file must follow the ISAC template.**
   - ✓ Do not password protect the file.
   - ✓ Do not use any punctuation – periods, apostrophe, dashes

| | Order | Name | Length |
|---|---|---|---|
| 1 | | | |
| 2 | 0001 | Last Name | 35 |
| 3 | 0002 | First Name | 16 |
| 4 | 0003 | MI | 1 |
| 5 | 0004 | DOB MM/DD/CCYY | 10 |

# Reports

An Excel report, mirroring the format of the **FAFSA Completion: Details Graduation Year** screen, may be generated. The data can then be sorted as needed (i.e., by FAFSA Status, etc.).
